For Anthony Hughes, Senior Commercial Capital · From Shubham Patel, Sentience Growth (shubhamg@sentiencegrowth.com) · Prepared for our call on Tue, Nov 3, 2026 at 2:00 PM ET

WHAT WE HEARD

You lend nationwide. Here's where we'd start.

Senior Commercial Capital funds fix-and-flip and fix-to-rent, bridge, new construction, transactional and value-add commercial deals from $50K to $20M, with conditional approval in 24 hours.

The borrower profile we confirmed by email: investors, developers and small investment companies that need fast financing outside the banks. We started the sample in two markets: **Wisconsin** and **Southern California**. We'll confirm your priority markets on Tuesday.

What we'll confirm

Goal. More borrowers coming straight to you, on top of the brokers and referrals you already have.

Fit. Less time on borrowers who don't qualify: no experience, wrong loan size, or no deal under contract.

Markets. Wisconsin (Milwaukee and the south-central part of the state) and Southern California (LA, Orange, Riverside and San Diego counties).

The plan

We reach investors in your markets directly, screen every interested one on loan size, deal type and timing, and book only qualified borrowers onto your calendar. You show up and quote the deal.

01 YOUR SAMPLE

The sample we sent you: 5 in Wisconsin and 5 in Southern California, each an owner, founder, principal or partner. These are cold contacts from public business data, not pre-qualified borrowers. In the campaign, each one is screened before it reaches your calendar.

02 OFFER & GUARANTEE

10 qualified calls in 30 days

You pay call fees only for qualified borrowers who show up.

Qualified call: a call with an investor who is actively doing or planning a flip, bridge or ground-up project in your target markets, with a loan size in your range and timing you can work with, who shows up. Every call is screened on loan size, deal type and timing.

We set the exact markets, loan range and timing with you on Tuesday, and lock them in at kickoff.

✓

Guarantee: 10 qualified calls within 30 days of launch

The 30 days start when the campaign launches. If we don't deliver 10 qualified calls within 30 days of launch, you can cancel and we refund the call fees you've paid.

What's refunded: the per-call fees you paid.

What isn't: the infrastructure fee is non-refundable. It buys domains and inboxes set up for your business.

What counts: a qualified call as defined above: an investor in your target markets, with a loan size in your range and timing you can work with, who shows up.

What's covered: qualified calls delivered, not loans funded. Full terms are in the written agreement.
